## Home

My name is Norma Holthusen and I would like to tell you about my town. It is my pleasure to show you around. Just a mouse click and you can see which tours and topics I have to offer

Since 1995 I am a tourist guide in Bremen. I am a member of the Bremen Tour Guide Team which is member of:... [The Association of Tourist Guides in Germany \(BVGd\)](#). In 2008 I completed successfully a 2 years BVGD specific training. Since 2011 I have been certified in accordance with DIN EN 15565.

## Historical Town

Walking tour through the historical centre of Bremen. Historical and modern architecture between Bürgerweide and river Weser, Schnoor and Stephani-Quarter. 1200 years of history surrounded by ramparts. Today a lovely park built on the foundations of walls and bastions.

In the heart of the city: Townhall, Cathedral and Market Square. And there is more to see.

## Townhall

Guided tour through the Townhall next to the Market Square - undestroyed for more than 600 years - filled with history from roof to cellar - an attractive facade in Renaissance Style - part of our World Heritage since 2004.

You want to look inside? Just join me.

## Banks of the River Weser

While using all the modern facilities like motorcars, aeroplanes, televisions and mobile phones, have you ever thought about the water, being the preferred source of transport and communication? There is no important town without a river.

Along the river Weser you can promenade, drink and dine whenever you like and spend your money at the flea market or quay market. You can study the historical ships or travel with a modern one.

Walk along with me and have a look at all the attractions.

For a greater group I shall ask a colleague to assist me.
